Reviews

This published publication is fantastic. it had been writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Junius Herman)

STRATEGY-STRUCTURE-PERFORMANCE: EMPIRICAL EVIDENCE FROM TOURISM SECTOR

LAP Lambert Academic Publishing Mai 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x11 mm. This item is printed on demand - Print on Demand Neuware - This book seeks to think through the problems faced by the Tourism and Hospitality Industry firms undertaking international tourism in terms of strategy-structure fit as a precursor of performance. The perspective of this book is that of strategy-structure-performance (SSP) of a firm as being very important in order to gain competitive advantage and to improve firm performance. The point of departure is the ground breaking use of empirical evidence from the Zimbabwean Tourism and Hospitality sector adjusted to the African reality, illustrating SSP Paradigm and the inherent lessons in strategic management, as opposed to many that exclusively look at challenges from a neoliberal and classical Eurocentric angle. This book was crafted with to fully engage students in the task of learning what every aspiring manager needs to know about the theory and practice of strategic management and to provide an attractive set of contemporary cases that involve headline strategic issues and that give students ample opportunities to apply what they read in the chapters. 180 pp. Englisch.
