

MATLAB data communications and monitoring and control application programming practice (with DVD disc 1) [Paperback]

Filesize: 9.08 MB

Reviews

Thorough information! Its such a good study. Sure, it is perform, still an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Evie Emmerich)

MATLAB DATA COMMUNICATIONS AND MONITORING AND CONTROL APPLICATION PROGRAMMING PRACTICE (WITH DVD DISC 1) [PAPERBACK]

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 412 Language: Simplified Chinese Publisher: Publishing House of Electronics Industry; 1st edition (September 1. 2011). MATLAB data communications and monitoring and control application programming practice proceeding from the point of view of engineering applications through the eight kinds of typical data acquisition and control systems. including the DAQ toolbox functions based on the microcontroller. PLC. the PCI data acquisition card. the remote IO modules. USB data acquisition board. wireless data transmission module. GSM SMS modules and intelligent instruments. using the MATLAB programming language . ActiveX controls. serial IO streams and MScmm control in data collection and communications control system Typical applications: analog input (AI). analog output (AO). digital input (DI) and digital output (DO) programming method is explained. MATLAB data communications and monitoring and control application programming practice rich in content. provided examples of specific design tasks. the complete program code. focus on solving practical engineering problems. available for automation. computer applications. electrical and mechanical integration of the college students of various professional. graduate students learning MATLAB data communications and monitoring and control technologies are also available for the reference of the computer control system developed by engineering and technical personnel. . MATLAB data communications and monitoring and control application programming practice for the convenience of the reader to learn the value the companion CD includes all instances of the source. the program runs recorded screen. system testing. video. software and hardware resources. Four Satisfaction guaranteed, or money back.
