Reviews

This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)

HOW TO SNOG A HAGFISH!: DISGUSTING THINGS IN THE SEA

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, How to Snog a Hagfish!: Disgusting Things in the Sea, Jonathan Eysers, How to Snog a Hagfish! explores the most bizarre, the most disgusting and the most fascinating creatures that inhabit the oceans. When attacked, the hagfish (also known as the slime eel) ties itself in a knot that travels the length of its body, squeezing out mucus by the bucketful and making it impossible for a predator to keep hold. To eat, a starfish regurgitates its stomach, digests its food then swallows its stomach back down again. Pearlfish stick close to sea cucumbers, whose bowels they swim into when danger's near. And with shark attacks and jellyfish encounters, the oceans take on another level of repulsiveness when man dips his toes in the water. We know more about the surface of the moon than we do the underwater world, but some of the species covered in this book are beyond even the imagination of science fiction writers. Entertaining yet informative, the idea of this book is not to wallow in grossness with the intention of putting people off their dinner, but to explore just how fascinating and 'alien' our own planet can be. Highly illustrated, and with stories and anecdotes that help bring a human perspective, this book demystifies the natural world beneath the waves, and shows how it's not quite so shocking when you understand why these creatures have developed the way they have.
