Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

WOMEN S VOTES AND WAGES (CLASSIC REPRINT) (PAPERBACK)

I suppose it is a merciful dispensation of Providence which thus limits our finite minds; for if for one moment the barriers which shut out from our eyes these sights of sorrow could be swept away, if we could see in one flash even all that we actually know exists, I think we should ever after be blinded by despair. But though this be so, I know that we are wrong if we draw too closely the curtains. If we are content to forget or to remain in ignorance we are guilty of criminal neglect. For there is much to do, and we have got to do it. The Call to Action. Action must be our test. Are we prepared to act? If not, we are being false to our common humanity, the pulse of life beats but feebly in our veins, we are only half alive. But if we are ready to act we ask at once, What, then, can we do? The Suffragette supplies an immediate answer: - The Parliamentary vote is the key which unlocks reform. We will first win the vote, and then we will use it to improve the condition of women. By means of it we will abolish the sweating of women s labour, and we will gradually secure the raising of women s wages until there be not two standards of pay for the same work - one for men and the other for women.
